How to Play

1. Each player gets a bingo board and some crayons or small counters, like buttons or beans.
2. A grown-up cuts out the call cards, mixes them up, and draws one card at a time.
3. The grown-up reads the herb name and shows the picture.
4. If that herb is on your board, color it or cover it.
5. The Tillo square in the middle is FREE!
6. Five in a row wins: across, down, or corner to corner.

Garden Explorer variation:

Take your board to a garden or grocery store with a grown-up.

Look for the herbs you see and color them in.

Look closely, but leave plants where they grow.
